

# MIL-STD-129R-ADS

ADS Purchase Order Attachment: *MIL-STD-129R-ADS*

**DO NOT SHIP THIS ORDER WITHOUT MIL-STD-129R (MSL) LABELS**

**ADS SUPPLIED MSL LABELS IN THE EVENT SUPPLIER CANNOT PROVIDE**

- Once product is packaged, complete the section below listing product number, quantity, weights and dimensions.
- Send this **completed** form to [labelrequests@adsinc.com](mailto:labelrequests@adsinc.com). Provide contact information for the person who will be receiving the labels at the supplier facility.
- ADS POC will generate the MSL Labels.
- Once labels are received, place per the instructions provided. Placement of the labels may adjust depending on the shipping case/pallet. The MSL's should be placed on every carton containing units in a visible spot next to the carton label if shipped as a carton. If packed on a pallet, place on outside of pallet wrap next to the XCL4R or XCL4B label.
- After properly labeling, provide photographs of each package with affixed MSL labels and email to [labelrequests@adsinc.com](mailto:labelrequests@adsinc.com) for confirmation of placement.
- **DO NOT SHIP** without written approval from ADS Warehouse personnel.
- Once the approval to ship has been received, e-mail shipment tracking number to the [ADS Buyer](#) and copy [labelrequests@adsinc.com](mailto:labelrequests@adsinc.com).
